AXIS S1032 Mk II Recorder

Out-of-the box ready server for high-definition surveillance

AXIS Camera Station S1032 Recorder is an out-of-the-box ready rack server validated for reliable high-definition surveillance up to 4K. It is preloaded with AXIS Camera Station video management software with licenses for 32 channels and other necessary system software. It is preconfigured to minimize installation time. AXIS S1032 has validated hardware components, redundant hard disks and power supplies and includes three-year hardware warranty with on-site replacement service. AXIS Camera Station offers an intuitive user interface and allows users to take full advantage of Axis' wide range of video surveillance cameras and other IP products. It also supports integration of third party IP cameras.
