AXIS P12 Mk II Main Units 10P [01905-021]	None

As of issuing this statement, stock replenishment for concerned products will be phased out.

- **Discontinuation date**
 - **Jun 2nd, 2024**

Discontinuation date is the planned final date that the product/s can be ordered from Axis.

Since we are unable to produce more of the listed discontinued products, we can then no longer take new orders. The replacement cameras AXIS P1245 Mk II Modular Standard Camera, AXIS P1265 Mk II Modular Pinhole Camera and AXIS P1275 Mk II Modular Varifocal Dome Camera will be external launched on June 20th 2024. The replacement cameras are already in the Distributor Price Lists and can therefore be ordered.

Purchases shipped from Axis' Configurations and Logistics Center to the original purchaser after the discontinuation date might come with limitations in the HW warranty, please update yourself on the warranty applicable for any purchases after the discontinuation date at: [General Support Policy After Discontinuation Date](#)

- **Hardware and RMA service offered until**
 - **June 2nd, 2030**

Axis will continue to give hardware and RMA service for 6 years after the discontinuation date. As long as the product is within the warranty period and it is not warranty void, the warranty terms for RMA still apply. If the warranty period has expired, the Out of Warranty price list applies. Axis RMA service will be based on the discontinued product as the primary alternative. When this is not possible, the replacement product will automatically be the alternative stated in the table above.

- **Firmware maintenance expires**
 - **June 2nd, 2029**

After this date Axis will not provide corrections for bugs or cybersecurity vulnerabilities. For more information on maintenance of firmware, please visit: [General Policy Guidelines For Discontinued Products](#)

Lund, Sweden, June 2nd, 2024
