

# Product Discontinuation Statement

This document outlines Axis products that have been discontinued or will be discontinued and indicates the relevant replacement products.

The following products are covered by this statement:

- AXIS T8351 Microphone 3.5MM
- AXIS Audio Extension Cable A, 5 m

## Final Order Date

The reason for this discontinuation is that the products will be upgraded to Mk II versions. Since this regards an upgrade, a final order date is not applicable. The old models will continue to be sold until they are out of stock, at which time all orders shall be transferred to the new Mk II versions.

## Support and RMA Policy

Axis will continue to give world-class support and RMA service for the Discontinued Products until **March 31st, 2024**. As long as the product is within the warranty period, the RMA service is for free. If the warranty period has expired, the Out Of Warranty price list applies.

Axis RMA service will be based on the Discontinued Products as the primary alternative. When this is not possible, the replacement product will automatically be the alternative stated in the table above.

No additional feature development will be made for the Discontinued Products, effective **March 31st, 2019**.
