[*] For PT functionality, a separate PT unit must be purchased.

Recommended PT unit is **AXIS TQ1818-E Positioning Unit 56 V DC** part nbr **03049-001**

As of issuing this statement, stock replenishment for concerned products will be phased out.

- **No new orders for Q194x, when possible move existing orders to Q21xx**
Whenever possible, we should encourage customers to move existing orders on Q194x to corresponding Q21xx model and an additional PT-units when relevant.

Please note!

In special cases please contact your local order office to manage final requests for Q194x

- **Replacement products do not include mounts**
Please note that no mount is included with AXIS Q21xx products. A fixed mount or PT unit must be purchased separately to be able to mount the camera.

- **Discontinuation date**
 - **Feb 28, 2025**

Discontinuation date is the planned final date that the product/s can be ordered from Axis.

Purchases shipped from Axis' Configurations and Logistics Center to the original purchaser after the discontinuation date might come with limitations in the HW warranty, please update yourself on the warranty applicable for any purchases after the discontinuation date at: [General Support Policy After Discontinuation Date](#)

- **Hardware and RMA service offered until**
 - **Dec 31, 2031**

As long as the product is within the warranty period and it is not warranty void, the warranty terms for RMA still apply. If the warranty period has expired, the Out of Warranty price list applies. Axis RMA service will be based on the discontinued product as the primary alternative. When this is not possible, the replacement product will automatically be the alternative stated in the table above.

- **Software support expires**
 - **Dec 31, 2030**

After this date Axis will not provide corrections for bugs or cybersecurity vulnerabilities. For more information on maintenance of software, please visit: [General Policy Guidelines For Discontinued Products](#)
